COBRA and Billing Solutions

For two decades, DataPath has been helping TPAs go beyond the time-consuming task of manual COBRA compliance with best-in-class COBRA, Retiree and Direct billing.

Integrated with CDH Accounts

Offer multiple lines of service in a single solution, including FSA, DCAP, HRA, MERP, HSA, Well-Being accounts, COBRA, Retiree Billing and Direct Billing.

Simplified Terminations

With Summit, you can enter and manage qualified termination events from a single screen, simplifying terminations for multiple-account groups. Update all participant records with just a few clicks. Qualifying events can be entered directly by employers or via file import.

Automated Compliance

Stay in compliance with time frame tracking notifications and automated notices and communications. The default date is automatically merged when a qualifying event occurs.

Custom Retiree and Direct Billing

Manage a variety of custom billing needs. Collect premiums for retiree and group health benefits, leave of absence requests, individual marketplace payments, parking fees, union dues, and more.

Action Item Alerts

Summit generates notifications for you, such as pending approvals, coverage elections, and participant-entered receipts.

Flexible Payment Options

Participants can make online premium payments via credit card, digital check, ACH transfer, mobile app, or third-party payment. ACH payments can be scheduled in advance.

Fulfillment and Mailing Services

Take advantage of our convenient, affordable fulfillment services. Generate notices automatically, store documents digitally and on the web, and more.

COBRA Operations BPO Services

Accurate and affordable, DataPath Operations BPO keeps you compliant while helping you get where you want to grow. Let us handle employer and beneficiary data imports, elections, event and payment processing, new hire notices, qualifying events, takeovers, and more.

Convenient Mobile App

Using the full-featured Summit mobile app, participants can review their coverages and make premium payments from their mobile devices.

WHERE DO YOU
WANT TO
grow?
